

CAP Board 2014-2015

The Canadian Association of Principals (CAP) has represented the perspective of principals and vice-principals from across Canada since 1977. Provincial and territorial organizations are affiliates of CAP, in accordance with CAP bylaws, with representation on the CAP Board of Directors. The organization acts on behalf of all affiliate members.

Education is a provincial responsibility. However, there are needs and issues that are held in common across our country for students, schools and educators.

Canadian Association of Principals continues to pursue its role as an effective, respected and influential organization working on behalf of its members and education.

CAP is committed to ensuring that the voice of principals and vice-principals is present and impacts on national education issues.

Communication – CAP will strive to increase and improve communication with affiliates and individual members.

Advocacy – CAP will strive to be a present and relevant voice for educational leaders across Canada.

Presence – CAP will strive to participate in National conversations where leadership can and will make a difference in the educational landscape.
